Each regional office engaged in arranging for ocean transportation shall obtain the list of ineligible persons, vessels, corporations, or other associations and an adequate supply of blank certificates, when they are available, from the Collector of Customs nearest to its office.

Procurement, contracting, and disposal officers should be advised that contracts or other agreements for the purchase or disposal of goods on a delivered basis requiring transportation either offshore or import into the United States should include a requirement for a signed certificate prior to shipment out of the foreign country of origin.

Exemptions to the terms of the order must be authorized by the Commissioner, TCS.

Signed copies of the certificates shall be forwarded to Commissioner - T, on Friday of each week, for forwarding to the Secretary of Commerce.

You will be advised of the effective date of the Executive order and provided a copy as soon as they are available.
